SAFETY

Formed by certified instructors, North Atlantic Canoe and Kayak, Inc. [NACK] is a club for canoeists and kayakers—of all skill levels. NACK is a Not-For-Profit Corporation chartered in New York State to promote ongoing education in safe, responsible canoeing and kayaking. We believe in a strong commitment to training and assessment to foster personal growth. We encourage all members to safely explore the limits of their capabilities in order to enjoy their chosen aspect of paddling to its fullest extent. Together we seek to find adventure in paddling.
